HOUSE MOTION ____

MR. SPEAKER:

FrFr

I move that House Bill 1899 be amended to read as follows:

Page 71, line 34, after "." insert "The members' surplus protection principle is intended to restrict the use of members' surplus after the effective date of a plan of reorganization for the benefit of the members of the MIHC. No part of the members' surplus may be used except to conduct the business of insurance in the ordinary course and to expand the business of the MIC in existence as of the effective date of the plan of reorganization. No part of the members' surplus may be used to make payments to stockholders of an intermediate stock holding company or a stock insurance company subsidiary (other than payments in satisfaction of contractual obligations under policies of insurance or annuity contracts held by stockholders) or to pay compensation to employees, directors, or officers of a company except as provided in subsection (d)."

Page 71, delete lines 41 through 42, begin a new paragraph and insert:

"(c) After the effective date of a reorganization under this article, no part of the members' surplus may be paid or distributed to any person other than to members of the MIHC except as provided in this subsection. A company may use members' surplus to operate after the effective date of a plan of reorganization in the ordinary course of the insurance business; provided, however, that the compensation of employees, directors, or officers of a company from members' surplus (if any) shall include only those amounts

that satisfy any one (1) of the following criteria:

1 2

- (1) Amounts that are payable with respect to services rendered prior to the effective date of the plan of reorganization.
- (2) Amounts that are consistent with compensation payable prior to the effective date of the plan of reorganization that would be deemed to be reasonable compensation by the Internal Revenue Service and therefore allowed as proper expense deductions for federal income tax purposes.
- (3) Amounts that are disclosed to the policyholders in proxy solicitation materials or other written materials approved by the commissioner as part of the notice of the meeting of the members called to approve a plan of reorganization, are approved by the commissioner in principle and concept as part of the approval of the plan of reorganization, and are approved by the commissioner as to specific amount prior to payment after the effective date of the plan of reorganization.
- (4) Amounts that the commissioner deems necessary to preserve the safety and soundness of the stock insurance company subsidiary by enabling it to engage and retain capable employees.

The "ordinary course of the insurance business" shall include, but not be limited to, expanding the business of any company as of the effective date of a plan of reorganization into other insurance, insurance-related, and financial services businesses. Any expansion of business may be accomplished through acquisition, merger, consolidation, strategic alliance, joint venture, or other business combination. The assets in which the members' surplus is held may be invested, reinvested, sold, liquidated, exchanged, or otherwise transferred and transformed without regulation other than applicable laws limiting investments of all insurance companies.".
